

Stephanie Roxas, AICP

I would be grateful for the opportunity to continue serving on the APA Orange Section Board as the new Vice Director for Professional Development. As a Board member over the past five years, I have served in various leadership positions, including the Vice Director for Programs and Co-Chair of the OC Young Planners Group (YPG). I believe my extensive experience in program development and event management would serve our APA members well in this new position.

If elected, I will continue to build upon the success of the PEEL Mentorship Program and other professional development programs and events geared towards students and young planners. I am eager to work with the Board to create new training opportunities for planners to build their leadership and management skills, and to provide additional training resources for Planning Commissioners.

I have eleven years of municipal planning experience serving the cities of Irvine, Costa Mesa, Lake Forest, Mission Viejo, and San Clemente, where I am currently a Senior Planner overseeing San Clemente's current planning activities. My educational background includes a Master's degree in Urban and Regional Planning from Cal Poly Pomona, and a Bachelor's degree in Anthropology and International Studies from UC Irvine. I am a certified planner, and, in addition to APA, I am an active member of ULI Orange County/Inland Empire.
